SKETCH MAP ASSESSMENT

SKILLS

VIEW Aerial or side-on? (Aerial = 1, Anything other than pure aerial = 0)

BOUNDARY stronger than single intersection

LABELING Key present or absent? (Present = 1, Absent = 0)
Is there a compass rose? (Present = 1, Absent = 0)

ORIENTATION There is no discernable orientation! = 0
Are the features drawn in N-S orientation? (i.e., S is at top) = 1
Are the features drawn in N-S orientation with north positioned at the top of the paper? = 2

QUALITY

Breadth SPAN How far does the map cover? (Measured in blocks)

Less than one block = 0
One block = 1
More than one block = 2

Depth FEATURES How many features are present?

Roads
Structures (incl. parking lots)
Sewers
Park/grass area
Other

How many of the features are labeled?

Roads
Structures (incl. parking lots)
Sewers
Park/grass area
Other
How many of the labeled features are accurately placed?

N/A (only one feature labeled)

Level 0 = No features are in correct relative position
Level 1 = Less than 50% of the features are in correct relative position
Level 2 = 50-75% of the features are in the correct relative position
Level 3 = More than 75% of the features are in the correct relative position
Level 4 = 100% of the features are in the correct relative position

Breadth

S /

Immed. adjacent features......
Morton St.? (1 = Present; 0 = Absent)
Church present or absent?
Buildings between BMS and 48 hours present or absent?
Parking lot across from BMS present or absent?

CONCLUDING COMMENTS OR ISSUES
